

## **HOT Dog Chili Recipes**

Included are two recipes for Hot Dog Recipes.

One is from my Sister-in-law, and is a quick way to make Hot Dog chili.

The other from my mother is the way she has been making homemade Hot Dog chili since we could afford to eat home made hot dogs. (At least 50 years). Mother's Recipe you have to work with more because you add and stir, add and stir until you like the way it looks. The Ketchup (catsup) should be completely melted.
